- Parents, guardians, or paying members are required to participate in one (1) workday per each semester. This will equate to participation in two (2) workdays per school year.
- If a workday schedule conflicts with parents', guardians', or paying members' schedules, they are encouraged to contact the school office. Typically, there are available workday tasks both pre and post workday.
- 6 man-hours are required per each workday. A minimum of three (3) continuous hours are required per each participant. As an example, four (4) adults working one & one-half (1-1/2) hours each are not acceptable.
- Parental or adult man-hours only count as workday hours. Although students are encouraged to participate in workday, student hours will not be considered as applicable towards workday hours.
- If a new student begins attending school within a time period after the first scheduled workday but before the latter four (4) weeks of a semester, workday participation for that semester remains applicable.
- Workday man-hours will only be applicable towards workday tasks. Special exceptions to this rule may be considered on a case-by-case basis.
- Failure to participate in a scheduled workday or the performing of workday tasks will result in posting a \$250 fee to the member's bill. If participation is partial of six (6) man-hours, billing will be prorated accordingly.
